

We are hiring

Sustainability Intern (100%) based in Zurich, Switzerland

South Pole is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and developing communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

Our Consultancy and Advisory Services team provides our clients with outstanding technical expertise that enables the successful implementation of complex sustainability projects. Our expertise spans across multiple topics including land and water management, climate strategies, renewable energies, environmental impact assessments, green products, climate policy, carbon pricing, climate finance, and sustainable finance, to name just a few.

Job Summary

With our solutions, we inspire and enable our customers to create value from sustainability-related activities. To further strengthen our consultancy activities in Europe, we are currently looking to recruit a highly motivated and dedicated Sustainability Intern to support the Consultancy & Services Team for 6 months.

Tasks and responsibilities

- Execution of research tasks in areas related to sustainability
- Support in preparing project deliverables and proposals related to South Pole's sustainability topics

Requirements

- A Master degree (in the last 3 semesters of studies) in Environmental Science, Environmental Engineering, or related disciplines
- Independent and proactive worker who is diligent and reliable
- Excellent research and analytical skills
- Fully comfortable in conducting research tasks and creating reports
- Excellent oral and written command of English and German
- Other languages (French, Spanish) is a plus

What we offer

At South Pole, we care about our employees as much as we care about the planet. South Pole is not just an employer, we are a team. South Pole does not just offer people a job, we offer you a career. By joining our team, you will find strong purpose and deep meaning in everything you do. You will have the chance to make a real difference for our clients and for the planet, working alongside a passionate team of like-minded colleagues, while building your knowledge/skills and developing your career in a fun, dynamic, international and fast-growing organisation.

We are a planet of 7.5 billion unique and different people. We all have a contribution to make; South Pole is proud to be an Equal Opportunity Employer. We do not discriminate on the basis of race, religion, colour, sex, gender identity, sexual orientation, age, national origin, marital status or disability. Our recruitment is decided on the basis of qualifications, merit and business needs.
