As always: First-come, first-served! So register right away! ;)

The AIV wishes everyone good luck at your exams and a nice holiday! 😊

Board members wanted

We are urgently looking for new dedicated board members for the upcoming semester. Currently, the following positions are still open:

- **External Relations:**
Your tasks are to maintain contact with companies in the construction industry, take care of AIV sponsorships and organize exciting field trips and construction site visits.
- **Editorial:**
You are responsible for the NAIV and NAIVINO, the two student journals of AIV. You decide on which topics you would like to write articles.

If one of these positions appeals to you, we highly encourage you to contact us. If you are interested in other positions, you can also contact us. It is always possible to reshuffle the position each member holds, so if there are any other jobs that you would like to take up, do not hesitate to contact us. The earlier you join the board, the better. 😊 We can be reached at vorstand@aiv.ethz.ch

As a member of the board you will get to know what is going on behind the scenes at ETH and AIV. You will work closely with students from all semesters, get to know many exciting people, both Civil Engineers and those from other study programs. Depending on the position, you will work with companies, the VSETH, other professional associations or even ETH internal bodies.

Survey on the change of name of the AIV

Akademischer
Ingenieur
Verein

The board is currently working on a possible name change of our association. At the general meeting in FS22, a proposition was made to change the name of our professional association to Akademischer Ingenieur:innen Verein. The proposal was defeated by 44 votes out of 67, as a 2/3 majority was needed for approval. Although the proposition was defeated, the desire for a more inclusive name has become clear. Because we as a board are not sure how to approach the topic, we want to get your input with this survey. In addition, there is the question of whether a possible adaptation of the name should be interpreted more specifically to civil engineering. We hope for a large participation, so that we can initiate further steps according to your wishes. If you have any further questions or suggestions regarding this topic, please feel free to contact your president via email at praesidium@aiv.ethz.ch

Here is the survey:

SIA Sektion Zürich delegate wanted

Schweizerischer Ingenieur- und Architektenverein

Société suisse des ingénieurs et des architectes

Società svizzera degli ingegneri e degli architetti

Swiss society of engineers and architects

[Bildquelle](#)

We are looking for a student who would like to be our delegate at the SIA Zurich Section. Here is a short description of the current delegate, who will have to resign in March:

At the SIA Section Zurich, both Architektura and AIV are allowed to send one student representative each as an observer to the board of the SIA Section Zurich. The tasks of this person are a fairly regular participation in the approximately 9 board meetings per year (Mon or Wed evening, 6:00 p.m. to approx. 7:30 p.m.), organization of some events for students (civil engineers and Architects), a general contribution of the students' point of view to the SIA Section ZH board and (of course voluntarily) the participation in the generous annual Christmas dinner. So the effort is manageable, but the personal benefit in my opinion is great, because you get deep insights into the challenges of the planning offices and the work of the SIA and other associations, meet interesting people and can broaden your horizons. In March 2023, at the AGM of the SIA Zurich Section, a delegate will be elected into office for 2 years.

If you are interested in this position, please contact us. If you have any questions about the office, we can also put you in touch with the current delegate. We can be reached at vorstand@aiv.ethz.ch

Skiweekend

Dear ski, snowboard and barrel stave friends

The learning phase in winter is short and leaves us little time to enjoy the snow. The AIV Ski weekend is the remedy.

After the registration: Info for the ski weekend regarding travel, accommodation, program, etc. will follow in a separate mail in February.

When: Friday, 24.2. till Sunday, 26.2.2023

Where: Sedrun GR

Registration: [Skiweekend Registration](#) (read carefully)

Costs : **18-20 years:**

Only accommodation: 54.-

accommodation + Ski pass: 133.-

21+ years:

only accommodation: 54.-

accommodation + Ski pass: 166.-

To:

Akademischer Ingenieurverein

HXE C23 ETH Hönggerberg

8093 Zürich

Bank details: Zürcher Kantonalbank

account: 1148-7312.314

IBAN: CH46 0070 0114 8073 1231 4

Swift/BIC: ZKBKCHZZ80A

purpose/reason for payment: first name, last name, SKIWEEKEND

Beerpong Tournament

AIV is hosting a Beerpong tournament again this semester. In FS23 a Beerpong league planned by VMP is taking place. The top three teams from each student associations will be allowed to compete in the Beerpong League finals at the end of the semester, where the best team from ETH will be decided.

When: Tuesday, 28.2.23 at 18:30

Where: HXE B1

Registration: [Beerpong Tournament Registration](#)

Costs: none, all drinks included

Community Solutions upload summaries (exams.aiv.ethz.ch)

Dear students,

We would like to remind you to upload your study documents (summaries, exercise solutions, study cards etc.) to AIV Community Solutions. This is the only way we can keep Community Solutions up to date and relevant for everyone. This is especially true this year for first-year students who have new subjects. Instructions on how to upload documents correctly can be found here: [Anleitung Community Solutions](#)

If you have any exams that are not online yet, please send them to us, so we can upload them (only Admins can upload exams). We thank you very much for your support, without you we would not be able to offer you this service! Sharing is caring.

Survey results examination evaluation

As you already know, there is always an exam evaluation after the exams. Now you have the option to view the results, which are published under the following link. You have to log in with your normal ETH account to view the results.
