AIV Advent Calendar

It's getting colder outside and the nights are getting longer, which can only mean that the Christmas season is approaching. But what would the Christmas season be without the traditional AIV Advent calendar to shorten the wait? Every day you will find new challenges, riddles, memes and recipes in our online Advent calendar. Some doors even hide a small prize. So don't miss your chance and check every day to see what's hiding behind the door.

For the next semester, we are seeking a new **GDK representative** on behalf of AIV.

The GDK consists of members from all ranks within D-BAUG. They contribute to developing and implementing desirable measures to promote diversity within the department.

You represent the students of AIV and can participate in events or contribute your own ideas to promote awareness of gender and diversity. You largely determine your own workload. The one-hour meetings take place once a month.

If the topic of inclusivity is close to your heart and you also want to promote an inclusive environment at D-BAUG or if you have any questions, please contact us at kommunikation@aiv.ethz.ch

Survey ETH – New Study Programmes

ETH Zurich is developing new Bachelor's and Master's programmes, and we need your help to shape the curriculum. We invite you to participate in a 10-minute survey, which has three main parts: personal information, study interests, and questions on project-based learning. We value your input and would be grateful if you could participate.

AIV Skiweekend

The learning phase in winter is short and leaves us little time to enjoy the snow. The AIV Ski Weekend provides relief. On the first weekend of the spring semester, we will go together to Sedrun. More information about accommodation, travel and costs will follow in a separate mail.

When: Friday, 23.2. till Sunday, 25.2.2024

Where: Sedrun GR

Registration: will follow in a separate mail

However, we will need a few helping hands, so if you are interested in helping, please register as a helper. As a thank you, you can come to the ski weekend for free! You can find more detailed information in the [helper registration](#).
