Communication-Commission

The AIV is looking for YOU to help us design our news magazine (NAIV)! 🔍

- The Koko offers you the chance to share your ideas for the co-design and redesign of the NAIV
- Many articles have already been written and just need to be added to the booklet.
- If you have any ideas for an article, the design, a challenge or anything else, you can submit them in the KoKo committee
- The assignments are small, so they are ideal for those who would like to get involved but don't have a lot of time
- What's in it for you? You will be invited to the helpers' dinner at the end of the semester and there will also be a small gift for committee members ;)

AIV General Assembly

Do you want to know what's going on in the AIV? Do you want to have a say in what happens with your VSETH contribution? Then take the opportunity and come to our GA! For all people present, we will serve delicious food from the Mastergrill during the GA. And against thirst we will provide you with beer and non-alcoholic drinks. Of course, this is all FREE - so it's worth showing up!

When: 03.10.2023, admission from 5.45 p.m., start 6.00 p.m.

Where: HXE C1

Registration: Not required!

Concrete Canoe Club Kick Off Event

The Betonkanu Verein cordially invites all those interested in canoeing and construction to take part in our kick-off event on 30.09.2024. We would like those who are attending für the first time, give a brief overview of the association's activities. Afterwards, we will make the first group classification. On our website [Betonkanu Verein der ETH Zürich – Betonkanu Verein der ETH Zürich](#) and on our Instagram and LinkedIn account (@betonkanu_ethz, Betonkanu Verein ETH Zürich) we will always keep you up to date so take a look if you want some impressions of the last regatta. Afterwards there will be pizza and beer for everyone!

When: Monday 30.09.2024 at 18:00 for all those, who are taking part for the first time
and at 18:30 for all those, who already know the club

Registration: <https://forms.office.com/r/gHRAesiPJj>

Watch out, now it's getting F(I)unky!

The legendary AIV Flunkyball Tournament will take place on 17 October 2024! Register in teams of 4 and put your sporting and drinking skills to the test. Come with plenty of thirst and a good foundation in your stomach, because the evening promises excitement, fun and unforgettable moments. We look forward to seeing you!

AIV Excursion "Vitznau: Partial Expansion and Renovation"

Date: October 30, 2024

Organizer: Bänziger Partner AG

Departure: 1:30 PM (from Höggerberg)

Registration: <https://forms.gle/2JeEY7Qf85BEQb5DA>

(The number of places is limited)

Price: Free

Description:

The cantonal road K 2b connects the villages of Greppen, Weggis, Vitznau, and Gersau with the regional centers Küssnacht and Brunnen, ensuring their connection to the national road network. The section between Bürglen and the cantonal border no longer meets requirements. The road is too narrow, and the condition of the pavement and structures is poor. The current project aims to renovate and widen this section according to existing standards and requirements.

To achieve this, a retaining structure and supporting walls will be constructed, and the sidewalk will be widened to 2.6 meters. This will significantly improve traffic safety for all road users. The implementation of this approximately 350-meter-long road project includes two total closures, each lasting three weeks. During other times, traffic will be managed one-way with traffic lights. During the two full closures, measures will be taken to accommodate slow traffic, such as adding an extra ferry connection between Vitznau and Gersau.

Program:

- 1:30 PM: Departure by bus from ETH Höggerberg
- 2:30 PM: Introduction to the project (IP or Flora Alpina)
- 3:30 PM: Tour
- 5:00 PM: (IP or Flora Alpina)

Equipment:

- Hiking shoes
- Vest
- Helmet

(Note: Vests and helmets will be provided at the construction site, but everyone is responsible for their own appropriate footwear!)

AIV-Geso-Forum

Do you have questions about your studies? The AIV and GESO have set up the AIV/GESO forum on Moodle for this semester, where you can ask your questions. Other students can answer your questions - and you can also help to answer others' questions. You can find the forum in your course overview on Moodle.
